

Amendments to the Specification:

Please replace the paragraph at lines 1-9 of column 4, with the following:

--It can be seen in FIG. 7 that the first and third hydraulic jacks or first actuator 9 and third actuator 27, respectively, are supplied by the pressurized oil distribution circuit generally indicated by 30, i.e., a control circuit. This includes a first slide valve 31 piloted by solenoid valves 31' and 31" that supply the first hydraulic jack 9 and by a third slide valve 32 that is controlled by the steering column or maneuvering system 10 of the machine, which supplies the third hydraulic jack or third actuator 27.--
